THE FLIGHT

- We recommend that children under the age of 12 years should fly as *Unaccompanied Minors*. This should be booked with the airline who may charge for this service. We do not charge a fee for *Unaccompanied Minor* service.
- We offer complimentary airport transfers from Manchester and London Heathrow, Manchester (terms and conditions* apply).
- We have a team of trained and experienced staff at the airports who will ensure the safety of your child.
- We will meet and greet your child in their arrival terminal after they have collected their luggage and passed through Immigration/Customs. Our representatives will be wearing a Concord College T-Shirt, have a Concord College sign, identification and a letter of authority. They will then escort your child to a College meeting point before boarding the transfer coach.
- This complimentary service is only available on flights in line with our terms and conditions.
- We will encourage your son or daughter to contact you on arrival to tell you that all is well.
- For flights arriving outside of the terms and conditions detailed above, please contact summer.course@concordcollege.org.uk. Approximate costs of private, taxi transfers are detailed below:

POCKET MONEY

- We would recommend between £30.00 and £50.00 per week, depending on age and maturity.
- Pocket money can be sent by bank transfer with the fees, or with the child.
- Pocket money can be deposited in the College Bank on arrival.
- The College Bank opens to students, twice a week, Tuesday and Friday, 10:30-11:00 and 15:00-15:30.
- It is a good idea to plan for money for gifts or optional excursions or activities that may carry a small charge. Illustrative prices can be found on the website.

CONTACTING CHILDREN

- Parents should be aware that students are very busy and spend a lot of time out on activities.
- Children usually return to their rooms just before bedtime (2130 for under 12s, 2200 for over 12s).
- Mobiles are turned off during timetabled activities.
- Our Summer School students have a fantastic time and rarely feel homesick once they have settled into their daily routine. Too much contact from home can spoil a child's natural ability to fit in and enjoy themselves.
- It is probably best to wait for your child to contact **you** during the course and not call them.
- If you have no contact during the course – don't worry, experience tells us that this is a good sign that your son or daughter is having a good time and is fully occupied with all the activities on offer!
- However, if you are worried about anything or would like a brief report on your child, do contact the Summer School using the details at the top of this information leaflet.
- You may send email messages to your child at the address above and your child will have access to the internet between 0600-2359.
