## INTRODUCTION

The following rules are designed to control all visitors to our premises, including contractors engaged to work on the premises. For health, safety and security reasons it is important that visitors should not be permitted to wander freely around the premises. In the event of a fire it is imperative that we know who was in the building at the time and that all persons can be accounted for. We will do this by maintaining a record of the name, time of arrival and departure and whereabouts of all visitors. Our procedures for the control of visitors are outlined below.

Any person receiving a visitor should ensure that:-

- the visitor enters their details in the 'Visitors Book' in the reception on arrival and signs out on departure;
- the visitor remains in the reception area until they are collected by their host or directed to meet their host;
- the host must accompany the visitor at all times whilst on college premises;
- any incident involving a visitor is reported to the Concord Senior Team without delay. Injuries should be recorded on an official Accident Report Form and this should be passed to the Health and Safety / Fire Safety Officer.
- visitors must comply with the College's policies and procedures.

Any person receiving a contractor should ensure that:-

- contractors report to the Estates/Maintenance Office on arrival where they are asked to sign in and out on leaving the premises;
- contractors complete the appropriate 'Authorisation for Contractors to Work at Concord College' form and provide the Maintenance Administrator with the appropriate health and safety documentation before commencing work on the premises;
- any incident involving a contractor is reported to the Maintenance Administrator / Bursar without delay. Injuries should be recorded on an official Accident Report Form which can be found [HERE](#) and this should be passed to the Health and Safety/ Fire Safety Officer.
- contractors must comply with the college's policies and procedures.

It should be noted that the College will require an enhanced DBS check (with children's barred list check) for any contractor or temporary worker carrying out work on college premises regularly (once a week or more, or on four days or more, in a single month or overnight), and whose work involves the opportunity for contact with students. Prior to the relevant checks, the contractor or temporary worker must be supervised at all times.
